**Re: Miami Beach Municipal Parking Garage**  
**Subject: Recommendation Letter**

Dear Mr. Osborne:

I would like to convey my appreciation to Architecture Metals for their participation on our project; the Miami Beach Multipurpose Parking Facility.

Architecture Metal's attention to detail from bid to installation helped this project run smoothly. Their entire workforce from the administrative offices to their outside operations and installation teams, assisted in making this project a complete success. Everyone was accommodating and knowledgeable.

I look forward to working with Architecture Metals in the future and would recommend their services to any company that asks.

Respectfully,

A handwritten signature in blue ink, appearing to read "Randy Egues", is enclosed within a blue oval. The signature is stylized and includes a checkmark-like flourish at the end.

Randy Egues,  
Project Manager
